

THE KING'S UNIVERSITY  
INSTITUTE  
OF WORSHIP

***Introducing A New Worship Module for Winter Quarter 2012!***

***"Worship is vital in God's design for man's redemption and as a pathway for His entry into our circumstances with life-transforming power." — Jack W. Hayford***

In 2011, we launched The Institute of Worship at The King's University with the annual *Spirit Formed Worship Seminar* and would like to invite Worship leaders, Singers, Musicians and Pastors to this Winter Module!

**SPIRIT FILLED WORSHIP**  
***Prophetic and Intercessory Worship***  
**March 1-3, 2012**

Instructors: Sy Goraieb, Pedro Eustache, and Steve Williams

*We will explore the biblical and practical principles of Prophetic and Intercessory Worship, combining skillful, creative, spontaneous, Holy Spirit-led music to integrate with the power of prayer and worship. (For worship leaders, singers, musicians and pastors)*

***We will discuss:***

- The biblical view of integrating worship and intercession
- How to listen to the Lord and respond to His Spirit during times of worship
- How worship increases creativity and expands natural gifting to higher levels
- Songwriting and prophetic worship
- Prophetic Worship leadership

Our desire and mission is to help you and your team to expand the musical flow of worship in your ministry and to explore the word of God for an enhanced understanding of, *who we worship, who we are as worshippers, and why we do what we do.*
